Ministry of Ayush

A National Seminar on APPLICATION OF

AI IN CLINICAL PRACTICE AND HOMOEOPATHY

— INNOVATE • INTEGRATE • ELEVATE —

*Bridging Technology and
Tradition for Better Healthcare*

DATE

31 / 08 / 2026
(Monday)

TIME

9:00 AM – 4:30 PM

VENUE

NHRIMH Auditorium,
Kottayam, Kerala –
686 532

NATIONAL HOMOEOPATHY RESEARCH INSTITUTE IN MENTAL HEALTH

(Under Central Council for Research in Homoeopathy, Ministry of Ayush, Govt. of India)

SACHIVOTHAMAPURAM(P.O), KURICHY, KOTTAYAM, KERALA-686532

Website: <https://nhrimh.ac.in/> Tel: +0481-2436322

ABOUT THE SEMINAR

Artificial Intelligence (AI) is rapidly transforming healthcare by enhancing clinical decision-making, diagnostics, research methodology, education, hospital management, and patient care. AI-powered tools such as large language models, machine learning algorithms, clinical decision support systems, and predictive analytics are increasingly being adopted across medical disciplines.

In Homoeopathy, AI offers promising opportunities to improve individualized case analysis, repertorization, remedy differentiation, literature review, systematic reviews, protocol development, statistical analysis, manuscript preparation, educational innovations, and digital hospital management. However, there remains limited awareness and structured training among students, faculty members, researchers, and clinicians regarding the responsible and effective use of AI technologies.

Therefore, this seminar will provide participants with an opportunity to understand current AI applications, explore possible use in clinical practice and homoeopathy, discuss ethical and legal aspects, and promote effective integration of AI into Homoeopathic education, research, and clinical practice.

OBJECTIVE

To familiarize Homoeopathic professionals with the applications of Artificial Intelligence in education, research, clinical practice, and healthcare management.

ABOUT US

Central Council for Research in Homoeopathy

The Central Council for Research in Homoeopathy (CCRH) is an apex research organisation under the Ministry of Ayush, Government of India, dedicated to promoting and conducting scientific research in Homoeopathy. Through its network of institutes and research units across the country, CCRH undertakes clinical, fundamental and applied research and disseminates evidence-based knowledge in Homoeopathy.

National Homoeopathy Research Institute in Mental Health

The National Homoeopathy Research Institute in Mental Health (NHRIMH), Kottayam, formerly known as the Central Research Institute for Homoeopathy, is a premier institute under the Central Council for Research in Homoeopathy (CCRH), Ministry of Ayush, Government of India. With over five decades of experience, the Institute has been providing quality Homoeopathic healthcare, academic training and conducting clinical research, particularly in mental health and psychiatry.

KEY TOPICS

01

AI IN CLINICAL DECISION MAKING

Remedy Recommendation,
Case Analysis and Management

02

AI IN CLINICO-FUNDAMENTAL RESEARCH IN HOMOEOPATHY

03

ETHICAL ASPECTS OF AI IN HOMOEOPATHY

REGISTRATION FEE

CATEGORY	EARLY BIRD OFFER up to 20/08/2026	AFTER 20/08/2026
 Undergraduate, Intern	Rs 700	Rs 900
 Postgraduate & PhD scholar , SRF, JRF	Rs 800	Rs 1000
 Academician, Practitioner	Rs 1100	Rs 1300
